Prayer/Meditation:

As light joins us late and leaves early,
May we make our way deep inside our hearts,
As our animal kin turn to hibernation and renewal,
May we take it slowly and rest abundantly, remembering the season of waiting
and longing with hope and with joy.

May each day remind us to curl up with our memories,
May each night bring us to holy dreams and simple receiving.
And as the light begins its slow ascent,
May winter's deep embrace strengthen our souls in love.
